

Carnebello with Poultry

Wet Food

Complete feed for adult dogs

Our Eggersmann Carnebello with Poultry is a high-quality wet feed with a particularly appetising consistency, as it contains juicy muscle meat with a firm and meaty texture. It combines premium-quality, easily digestible poultry with salmon oil and omega-3 fatty acids to provide your dog with all the nutrients it needs. Because of the particularly gentle cooking process, all the important vitamins, trace elements and minerals are retained in this complete dog feed. As it is completely free from grains, sugar and artificial colours and flavours, our wet dog feed provides your dog with both a tasty and nutritious meal. Our Eggersmann Carnebello Dog Feed with Poultry is suitable as a complete feed for adult dogs but can also be mixed with dry feed if preferred.

Recommandation en matière d'alimentation :
